Contractor's Tax Identification No.: 13-1968872
Business Size: Large

Definition of Financing Terms

The WSCA contract offers various financing methods in addition to outright purchase. These options are offered and authorized through the State of Nevada Participating Amendment. These options are defined below:

Fair Market Value Leases
At end of lease term, customer has option to purchase equipment at fair market value price or return equipment with no further obligation

Capital Leases
Traditional financing with ownership at end of term

Cancelable Rentals
Cancel with four month penalty on rental payment

All leases and rentals have a non appropriations clause to avoid fiscal commitments

Connectivity: Customer site installation/training includes set-up as a copier/printer ready for network installation by customers' Network Administrator, with customer telephone assistance available from Sharp for network installation. On-Site network installation assistance can be obtained on an open market basis through a separate contract from the local dealer. Contact you Government Account Executive with any questions. A digital site-survey is required.

Credit Card Orders: Orders should include the following: Credit Card Number, Expiration Date, Type of Card, name and telephone number of individual on the card. Call (866) 813-6126 to place an order or Fax (800) 245-2815

Sharp Electronics is not responsible for typographical errors. Designs & specifications are subject to change without notice.

Year after year, Sharp receives prestigious accolades from virtually every independent office equipment evaluator. Sharp's copiers, color devices, fax-based solutions, multi-function products and software solutions continue to claim the most coveted industry awards. Even the most demanding critics – including BERTL, Buyers Laboratory and Better Buys for Business, cite Sharp's unrivaled commitment to quality. Our recent industry awards are listed below.

Sharp AR-208D

Digital MFP

The Sharp AR-208D Multifunction Document System is big on performance but compact in size. Designed for small offices and workgroups, the AR-208D delivers all the required features for fast-paced, small office environments. With 20 page-per-minute copying/printing and integrated color PC scanning, your office workflow won't miss a beat. A 50-sheet document feeder provides standard 2-sided scanning for extra efficiency, as well as duplex printing and copying. The cost-effective, consumable system utilizes a three-component system that's easy to replace and easy on your wallet. And since business never stands still, the AR-208D offers flexible options to add Super G3 faxing, networking and web-based management...so you'll be ready for anything.

Features at a glance

- 20 PPM Compact Desktop Digital Copier / Printer - **Upgradeable** with high-quality 600 dpi output

- Up to 100-Page Electronic Sorting and Offset Output Stacking allows copying of multiple sets quickly and efficiently

- 50-sheet Reversing Single Pass Feeder with standard 2-sided PC scanning

- Paper capacity maximum: 550 sheets

  - Standard 250 sheet paper cassette and 50-Sheet multi-purpose bypass tray handles different size paper ranging from 3 1/2" x 5 1/2" up to 8 1/2" x 14" as well as envelopes, labels, and transparencies

  - Optional 250 sheet paper cassette

- 25% to 400% zoom magnification with eight preset modes for easy image-to-paper sizing

- Scan and send documents to a variety of destinations for easy distribution

- Optional Network Expansion Kit with 10/100 base TX Ethernet, Network PCL6 Printing and Network Scanning with ImageSEND technology

- PostScript 3 option with IPv6 support

- Optional Super G3 fax kit with 118 auto-dial destinations

- Dimensions: 20-1⁄2" (w) x 17-5⁄8" (d) x 14-5⁄8" (h)

Sharp MX-M260

Digital MFP

In today's fast-paced business environment, you need to operate at peak efficiency. And with Sharp's MX-M260 Document System, you'll be able to raise office productivity to a whole new level. With enhanced versatility, the MX-M260 Document System delivers everything your business needs to get ahead offering 26 ppm copying and printing, convenient networking, and integrated multifunction capabilities. This Document System is ideal for busy departments and workgroups. Available features include a 100-sheet reversing document feeder, auto duplexing, 1200 x 600 dpi (enhanced) laser output, and a large 8.1" (measured diagonally) touch-screen LCD display that makes operation easy and intuitive. New micro-fine toner technology offers sharp, high-quality images page after page.

Features at a glance

- 26 PPM Digital Duplex MFP - **Upgradeable**

- Up to 1200 DPI (Enhanced) with optional PCL6 print controller

- Paper capacity maximum: 2,100 sheets
  - Standard two 500 sheet paper cassettes and 100 sheet bypass tray
  - Optional 2 x 500 sheet paper cassettes

- Automatic trayless duplex copying and printing

- 100 sheet reverse automatic document feeder

- Electronic sorting

- Large 8.1" Touch-screen LCD Display

- Mixed size original detection

- Reduction and enlargement: 25 - 400% (1% increments)

- 32 MB total standard memory expandable to 1,072 MB

- JBIG speed-enhanced PC printing system

- USB-2.0

- SSL (Encrypted Network Protocol Support) HTTPS/IPPS

- Dimensions: Approximately 24¾" (w) x 25" (d) x 31¼" (h)

Sharp MX-M620N / MX-M700N

Networked Digital MFP

With today's accelerated pace of business, you need the ability to respond at a moments notice. Keep your business moving and drive your vision forward with Sharp's versatile MX Monochrome Series. The MX-M620N and MX-M700N offer best-in-class features, which allow you to accomplish more in dramatically less time. With powerful scan, copy, print and fax capabilities, these multi-faceted performers will become the heart of your workgroup. And with Sharp's Open Systems Architecture you can boost productivity with one-touch access to your business applications right from the LCD display-raising convenience and control to a new level.

Features at a glance

- 62 / 70 PPM Digital MFP - **Networked**

- Paper capacity maximum: 6,600 sheets

  ➢ Standard 3,100 sheet paper capacity 2,000 sheet tray, 2 x 500 sheet cassettes and 100 sheet bypass tray

- Larger LCD Display with larger font size

- Scan^2 Technology minimizes paper misfeeds and enhances reliability

- Standard document filing enables Users to easily archive documents

- Standard 40 GB hard drive stores approximately 60,000 pages

- TIFF and PDF Direct Printing

- Carbon copy print mode

- Duplexing on stocks up to 110# index from three different paper trays

- LDAP support with optional network scanner expansion kit

- Unique file naming using the QWERTY keyboard

- PC and internet fax capability with optional facsimile expansion kit

- Standard IEEE1284 and USB 2.0 ports

- Environmental features (Energy Star/ Blue Angel compliant)

- Dimensions: Main unit: 28.7" (W) x 26.7" (D) x 46.9" (H)

Sharp MX-M850 / MX-M950 / MX-M1100

High Volume Multifunction Duplicator

Designed for high-volume production environments, the new MX-M850/M950/M1100 Series document systems deliver lightning-fast output with robust multi-tasking performance, so your workflow never misses a beat. With a standard paper capacity of 3,000 sheets, expandable to 8,050 sheets, the MX-M850/M950/M1100 Series document systems can manage large scale jobs with incredible efficiency. Plus, a flexible paper handling system combined with a wide range of supported media allows these powerful performers to meet the needs of any high-volume production environment from walk-up office environments and corporate data centers to high-volume CRD and service bureaus. For large volume jobs or print jobs, choose from either the 4,500-sheet letter-size triple paper tray or the 4,000-sheet ledger-size triple paper tray - which supports paper weights up to 170 lb. index! For even more flexibility add the optional 500-sheet Auto-Bypass Tray.

Sharp's MX-M850/M950/M1100 Series document systems with flexible and versatile options from paper feed to finishing, as well as highly customizable software architecture, adhere to principles that have made Sharp the award-winning choice.

Features at a glance

- 85 / 95 / 110 PPM Digital Multifunction Duplicator - **Upgradeable**

- High volume print production capability

- Paper capacity maximum: 8,050 sheets

  - Standard 3,000 sheet large capacity tray with three drawers Includes 2,000 sheet letter size tandem tray (drawer 1) 500 sheet multi purpose tray (drawer 2) and 500-sheet multi-purpose tray (drawer 3)

  - Optional: 4,550-sheet tray with three drawers, 2,000-sheet multi-purpose tray with three drawers, 3,500 sheet letter size large capacity tray, 3,000 sheet ledger size multipurpose large capacity tray

  - 500- sheet bypass tray or 100-sheet bypass tray

- Standard Duplexing Single Pass Feeder with Scan^2 technology
- Duplexing on stocks up to 110# index from three different paper trays
- Standard 80 GB hard drive
- Open Systems Architecture enables users to access network applications directly from LCD display

- Easy serviceability due to the long life drum and non-detachable maintenance

- Secure network interface with IPv6 and SNMPv3

- FTP Server printing allows users to browse an FTP server from the LCD to access files for pull printing or forward data from a client PC

- TIFF and PDF Direct Printing

- Permanent font and form storage

- Customizable with a variety of input options including optional color scanning to professional-looking output such as pamphlets, newsletters and booklets

- Standard IEEE1284 and USB 2.0 ports

- Energy Star compliant

Sharp MX-2600N

Networked B & W / Color Digital MFP

Sharp's new MX-2600N color document system has been meticulously engineered to help businesses maximize their document workflow efficiency while providing outstanding image quality and performance. This new model offers many advanced features such as a large, high resolution touch-screen color display with graphical menu navigation and a full-size retractable keyboard to make data entry easy. Plus, with a powerful 800 MHz true multitasking controller, the MX-2600N can save time and money producing professional color documents in-house with breathtaking image quality that is also economical.

Features at a glance

- 26 PPM Black & White / 26 PPM Color Output - **Networked**
- Paper capacity maximum: 5,600 sheets
    - 1,100 Standard two 500 sheet paper cassette and 100 sheet bypass tray
    - Optional 500 sheet paper drawer or 500 sheet paper drawers and 3,500 sheet large capacity tray
- Powerful 800 MHz true multi-tasking full-color document system
- Large, high resolution touch-screen color display with graphical navigation
- Advanced second generation micro-fine toner technology offers sharp, high quality images page after page
- 1200 x 1200 dpi printing provides clear, crisp images even on jobs with fine detail
- Industry leading ImageSEND™ function scans documents to USB devices, network folders, e-mail and more
- Robust 30 GB document filing system with thumbnail view and image preview features
- Network ready PCL®6/PCL5c printing system with direct print function
- Supports the latest Sharp OSA™ development platform, enabling businesses to streamline document workflow and enhance productivity faster and easier than ever
- New remote front panel feature allows users and administrators to view and control machine operations from a PC workstation*
- Environmentally friendly design offers low power consumption and long-life parts
  Some features require optional equipment
- Dimensions 23-1⁄4" (w) x 27-1/2" (d), x 37-1/2" (h)

Sharp MX-3100N

Networked B & W / Color Digital MFP

Sharp's new MX-3100N color document system has been meticulously engineered to help businesses maximize their document workflow efficiency while providing outstanding image quality and performance. This new model offers many advanced features such as a large, high resolution touch-screen color display with graphical menu navigation and a full-size retractable keyboard to make data entry easy. Plus, with a powerful 800 MHz true multitasking controller, the MX-3100N can save time and money producing professional color documents in-house with breathtaking image quality that is also economical.

Features at a glance

- 31 PPM Black & White / 31 PPM Color Output - **Networked**
- Paper capacity maximum: 5,600 sheets
  - ➢ 1,100 Standard two 500 sheet paper cassette and 100 sheet bypass tray
  - ➢ Optional 500 sheet paper drawer or 500 sheet paper drawers and 3,500 sheet large capacity tray
- Powerful 800 MHz true multi-tasking full-color document system
- Large, high resolution touch-screen color display with graphical navigation
- Advanced second generation micro-fine toner technology offers sharp, high quality images page after page
- 1200 x 1200 dpi printing provides clear, crisp images even on jobs with fine detail
- Industry leading ImageSEND™ function scans documents to USB devices, network folders, e-mail and more
- Robust 30 GB document filing system with thumbnail view and image preview features
- Network ready PCL®6/PCL5c printing system with direct print function
- Supports the latest Sharp OSA™ development platform, enabling businesses to streamline document workflow and enhance productivity faster and easier than ever
- New remote front panel feature allows users and administrators to view and control machine operations from a PC workstation*
- Environmentally friendly design offers low power consumption and long-life parts
  Some features require optional equipment
- Dimensions 23-1/4" (w) x 27-1/2" (d), x 37-1/2" (h)

Sharp MX-4100N

Networked B & W / Color Digital MFP

Step up to 41 pages per minute in both B&W and Color with the MX-4100N and make it easier to complete your workgroup projects on time. You will benefit from standard features like tray-less duplexing for reliability, automatic document feeding (using our 100-sheet document feeder) and our Job Build feature for productivity. The MX-4100N also touts a large touch-screen color display with a graphical menu navigation, thumbnail view and a full-size retractable keyboard designed to simplify data entry. With an extraordinary engine that can be configured to meet needs across a wide range of function requirements, you'll find that the MX-4100N is advantageous for offices that wish to replace their current black & white MFPs and incorporate affordable color into their workgroup.

Features at a glance

- ◆ 41 PPM Black & White / 41 PPM Color Output - **Networked**
- ◆ Paper capacity maximum: 5,600 sheets
  - ➢ 1,100 Standard two 500 sheet paper cassette and 100 sheet bypass tray
  - ➢ Optional 500 sheet paper drawer or 500 sheet paper drawers and 3,500 sheet large capacity tray
- ◆ Standard 100-sheet reversing single pass document feeder
- ◆ Large, high resolution touch-screen color display with graphical navigation
- ◆ Electronic Sorting with Offset Stacking
- ◆ Advanced Image Stabilizing System and second generation micro-fine toner technology provide brilliant, cost-effective color and crisp monochrome images
- ◆ Supports the latest Sharp Open Systems Architecture (OSA) platform, enabling users to access network applications directly from the LCD display
- ◆ Extraordinary 800 MHz multitasking color document system with copy, print and network scanning standard
- ◆ Powerful PCL6/PCL5c Network Printing System with available PS3 and Windows XPS options
- ◆ ImageSEND technology enables users to scan documents to USB devices, network folders, e-mail and more
- ◆ Standard 80 GB HDD allows greater job queuing and document filing
- ◆ Advanced User Account Management allows for up to 1,000 User Accounts
- ◆ Dimensions: 25-1/2" (w) x 27-1/2" (d) x 37-1/2"

Sharp MX-6201N

Networked B & W / Color Digital MFP

With best-in-class features and the versatility of high-quality, on-demand color, the Sharp MX-6201N Document System delivers all the muscle you need to keep up with the pace of your business. This powerful multifunctional document system can streamline your document workflow like never before. Enhance your capabilities with added functionality and a 1GHz multi-tasking controller for large-volume tasks. Standard features like copy, print, scan and document filing deliver versatile functionality that saves time. Ideal for large workgroups, the MX-6201N Document Systems offers an array of paper handling capabilities and optional finishing features that get the job done. Add impact to your communications without breaking the bank with the flexibility of brilliant, on-demand color. And with support for Sharp OSA™ technology, Sharp's innovative development platform, you can boost productivity with one-touch access to your business applications right from the LCD display. The large color touch-screen display features customizable "short cut" keys for increased efficiency in high-volume environments.

For unprecedented security, the MX-6201N Document Systems deliver several sophisticated options that protect your data by securing walk-up, scan and network access – so your documents remain secure.

Features at a glance

- 62 PPM Black & White / 50 PPM Color Output - **Networked**
- Standard 150-sheet duplex single pass document feeder with Color Scan[2]
- Scan[2] Technology minimizes paper misfeeds and enhances reliability
- Electronic Sorting with Offset Stacking
- Standard 80 GB HDD allows greater job queuing and document filing
- Paper capacity maximum: 6,600 sheets
  - ➢ 2,000 Standard sheet paper drawer and two 500 drawers and 100 sheet bypass tray
  - ➢ Optional 3,500 sheet large capacity tray or 3,000 sheet large capacity tray
- Easy-to-read Touch-Screen LCD Display with Intuitive Menu Navigation
- Advanced Image Stabilizing System and micro-fine toner technology provide brilliant, cost-effective color and crisp monochrome images
- Extraordinary 800 MHz multitasking color document system with copy, print and network scanning standard
- Powerful PCL6/PCL5c Network Printing System with available PS3

Copier Toner Recycling Program

As part of our commitment to preserving the environment and reducing landfill waste, Sharp Imaging and Information Company of America offers our customers a Toner Recycling Program for all Sharp® copier and MFP toner cartridges.

We encourage Sharp customers to recycle by providing a pre-paid shipping label for the return of all used toner cartridges.

In addition, to facilitate bulk shipments and in order to help conserve resources and reduce energy use, Sharp provides a toner cartridge shipping carton. This carton can be conveniently placed in the customer's mailroom or near the copier for easy collection and shipment of up to 10 used cartridges.

Please visit www.sharpusa.com/recycle to learn more about our recycling program.

Keep your cartridge out of a landfill... please recycle.

Environmental Leadership

Reinforcing our commitment to the environment, in 2007, Sharp Electronics received the **Excellence in Partnership Green Contractor Award** as well as the **Evergreen Award** from the U.S. Government's General Services Administration and the Coalition for Government Procurement.

The **Green Contractor Award** is awarded to the contractor who has made the best overall commitment to the environment by either offering environmentally friendly products and services, or adhering to environmentally sound manufacturing and/or operating procedures.

The **Evergreen Award** recognizes environmentally responsible business partners and their efforts in recycling, waste reduction and affirmative procurement practices.

Please visit www.sharpusa.com/environment to learn more about our Environmental Awards and Initiatives.

SAVING ENERGY

SAVING RESOURCES

MAXIMIZING RECYCLING

Our Environmental Philosophy

Creating an Environmentally-Conscious Company with Sincerity and Creativity.

High Standards

In 2004, Sharp Corporation established standards for Super Green Products and Sharp is dedicated to steadily improving our environmental sustainability management and commitment to environmental conservation.

In fact, since 2004, all Sharp Corporation production facilities worldwide have been ISO 14001 certified. This certification ensures that environmental management systems to prevent pollution are maintained, and continual improvement of these systems occurs.

Commitment to GREEN

Sharp's goal is to minimize the environmental impact of our products by continually implementing and improving product technologies, designs and programs aimed at environmental conservation, from the materials used in the manufacture and packaging of our products, to their transportation, use and safe disposal at the end of their product life.

Sharp's Environmental and Social Contributions

In March of 2007, Sharp Electronics Corporation sponsored SOLA in NOLA, a charity reconstruction project that earned it the Best CSR Program Award from the American Business Awards. SEC was recognized for donating Sharp solar electric systems for installation on nine homes and a community center in the New Orleans neighborhood Holy Cross where damage from Hurricane Katrina in 2005 was most severe and where reconstruction efforts are still ongoing.

Environmental Initiatives

Through its unprecedented research and development efforts, Sharp has succeeded in reducing the impact of our products on the environment.

- All Sharp MFPs are **Energy Star® Qualified** and among the industry's most energy efficient.

- New, state-of-the-art toner cartridges are one-fifth the size of conventional toner cartridges, requiring less packaging material and significantly less power consumption.

- Our latest **Organic photoconductive drum** unit has an extended life of up to one million pages.

- Sharp MFPs require an **extremely low power consumption** of less than 1W when operating in standby mode, reducing overall power consumption.

- Sharp's **high-speed** products deliver energy savings through external heat fusing technology.

- Sharp is committed to designing easy-to-recycle containers and packaging produced from recycled materials.

- Sharp product manuals are printed on 100% recycled paper using soy inks.

"One touch of nature makes the whole world kin."

The Sharp Data Security Kit:
the cornerstone of optimum security

Secure the Image Data: Be sure you leave nothing behind.

Designed to protect your confidential information, **Sharp's Data Security Kit** works as a "digital shredder," offering several layers of advanced security. With both encryption and overwrite features, **Sharp's Data Security Kit** helps protect your confidential information from even the most sophisticated threats.

Personnel and medical records, strategic plans, salary grade levels, and countless other sensitive documents are printed, copied, scanned, and faxed inside state agencies every day.

Data Encryption:
With 128-bit encryption, **Sharp's Data Security Kit** encrypts image data in the MFP (Multi-Functional Products) before it's written to the hard drive, RAM or ROM for print, copy, scan, or fax functions. This first layer of security provides peace of mind even while your documents are still active.
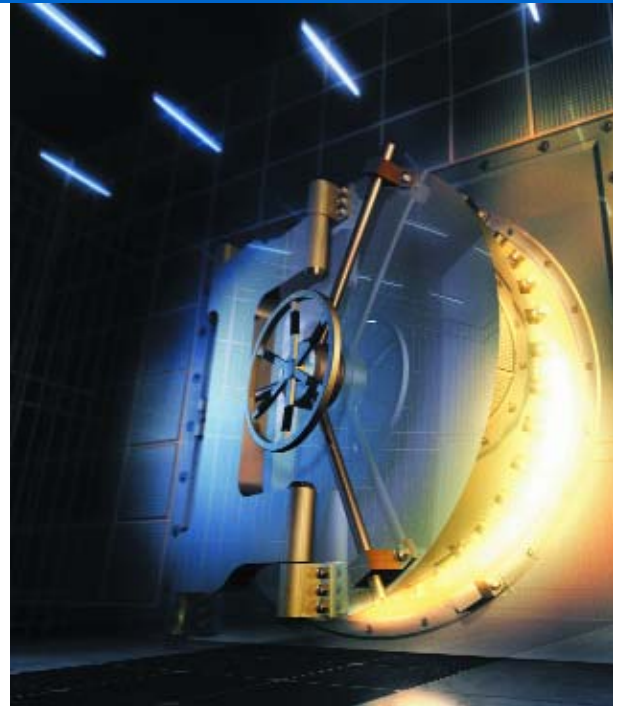

Automatic and Manual Memory Clear:
You can choose to have the **Data Security Kit** automatically overwrite all memory when the MFP is powered up, and/or after each print/copy/scan/fax job. Or, at any time, you can also choose to manually clear all memory for added versatility and control.

Data Overwrite:
Random numbers overwrite the information written to memory when a document is printed, copied, scanned or faxed. For the highest levels of security, **Sharp's Data Security Kit** can be set to perform up to seven overwrites - more than any other competitor to date.

- Hard disk overwrite for print, copy and scan functions

- RAM overwrite for print, copy and scan functions

- Flash ROM overwrite for fax function
